

LICKING COUNTY SUNDAY SCHOOL CONVENTION IS DRAWING IMMENSE CROWD

First Session Held in Taylor Hall Thursday Evening Was Addressed by Dr. Joseph Clark of Chicago

OVER SIX HUNDRED DELEGATES PRESENT TODAY

Number of Noted Speakers on Sunday School Work Including Superintendent of One of the Largest Schools in the World—Session This Evening Will be Held in Auditorium of Plymouth Congregational Church.

The opening session of the 31st annual Licking county Sunday school convention was held in Taylor Hall, in the Y. M. C. A. building, Thursday evening, and the initial meeting was marked by an unusually large attendance, as every seat in the hall was filled with delegates and others interested in the work, and many were forced to stand during the address of Dr. Joseph Clark.

The interest manifested in this 31st convention tells in itself of the wonderful work being done by the Sunday schools of the county. Denominational friction has all been wiped out and each school of each church joins hands to the general betterment of all.

The delegates are composed mostly of the instructors and promoters of the schools and each feeling a vital interest in the work, makes the convention a scene of activity and progress.

The session Thursday evening began with a spirited song service, Prof. Stuber leading. Familiar hymns were sung and in a way to indicate unmistakably that it will be a slinging convention.

At 8 o'clock the president of the

DR. JOSEPH CLARK.

Of Columbus, Who Lectured at Taylor Hall, Thursday Night.

county association, Mr. J. S. Graham, introduced Dr. Joseph Clark, general secretary of the Ohio Sunday School association. Dr. Clark is a born Sunday-school man. His father and mother were noted Sunday-school workers forty years ago, and the son is making it his life work.

Dr. Clark's lecture last evening was "World Wide Sunday School Work." It was a pictorial unfolding of the organized Sunday school work by the use of some 120 slides. At the beginning the pictures showed the Sunday school of fifty and seventy years ago, which was little more than a very inferior day school, with no Bible, and in which the bad boy was dealt with in a very summary manner. By his pictures the speaker then portrayed the degree of efficiency that has now been attained in the Sunday-school, closing that division of his lecture by throwing upon the screen that favorite hymn "Wonderful Words of Life" which was sung with fervor by the audience.

The next series of pictures portrayed what organized Sunday school work actually is and does. The International association embracing the whole world, the state associations embracing all the counties in the state, the county association embracing all the townships in the county, and the township association embracing all the Sunday-schools in the township, making a complete world wide organization that has revolutionized Sunday-school work.

The speaker then showed by clever illustrations and in his own impressive way what this organization has accom-

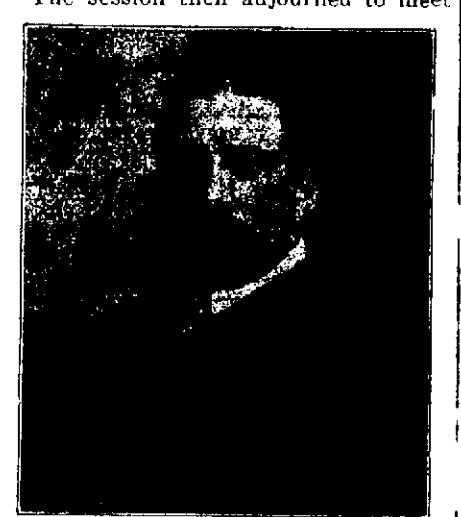

plished—how it has given us our international and graded lessons, how it has set standards of excellence to incite effort, how it has enabled the strong schools to help the weak ones, how it has welded churches together, and driven out denominational friction.

A very pleasing feature of the address was the picture of the many men and women who have placed their impress on this great work, and especially touching was the one showing Dr. Clark's mother, and his loving tribute to her memory.

Interspersed throughout the lecture familiar hymns were thrown on the screen and were sung with much enthusiasm by the large audience. One that evidently appealed to the audience was a composition by Dr. Clark, "My Ohio" set to the tune of "Old Black Joe."

At the close of Dr. Clark's address, the county secretary, Miss Clarice Carroll, spoke briefly, and was followed by Miss Amy Ford, of this city, who gave a short talk on the Visitation, of Newark which takes place from 4:30 to 6:30 this afternoon.

The session then adjourned to meet

DR. FRANKLIN McELFRESH.

Chicago Orator, Present at the Convention.

at 9:00 a. m. today in the Plymouth Congregational church.

The large attendance at the opening session was followed by an equally encouraging attendance at the Friday morning program. As early as 7:30 the delegates began to arrive at the Plymouth Congregational church and after registering each representative took his or her place in the large auditorium of the building. Following the song and devotional service the auditorium was comfortably filled and showed an attendance of over 600 people. Rev. F. E. Vernon, pastor of the First Presbyterian church, had charge of the devotional service, while Prof. Stuber conducted the singing. The accompanist was Prof. Harpster on the organ and Miss Daisy Taylor at the piano.

At 9:30 President Graham assumed charge of the convention and introduced the first speaker of the morning, Dr. Franklin McElfresh of Chicago, Ill. The first speaker placed on the program was Rev. P. H. Welshimer of Canton, but word was received from him this morning, saying that he would be unable to do.

RECESS TAKEN BY SOLONS

Will Return May 31 for a Final Clean-up of Calendar

BILLS HANGING FIRE

Include Fulton Redistricting, Appropriation, Referendum and Tax Measures.

Columbus, May 19.—The house quit business last night at 8:40 and the senate at 9:45. Representative Russell moved adjournment in the house and Senator Yountz in the senate. The closing scenes were about like this:

In the house for an hour preceding adjournment about fifty solons amused themselves by throwing wads of paper pamphlets and even waste baskets at each other. Another dozen tried to sing. Six or seven of the side whisker variety with long faces saying every once in a while "Isn't it shameful how they act," and Speaker Vining in the chair made more noise than any by pounding with his gavel and pleading for order.

In the senate dignity was maintained to the last as the senators were too busy trying to pass pet bills to start any horse play.

Columbus, O., May 19.—Unable to finish its task in the allotted time, leaving big bills hanging in the air, the legislature abruptly quit after a night session last evening. That of the senate was prolonged to 9:45 o'clock, that of the house to 8:40. The solons will return May 31 for a final day's clean-up.

To that day was postponed final consideration of the general appropriation bills for 1911 and 1912, carrying \$14,000,000; the utilities bill, the Kimble corrupt practices or election fraud bill, the Crosser municipal initiative and referendum bill, the Edwards tax assessment bill and the congressional redistricting bill. It was senate action on the Edwards bill which caused the house to adjourn at 8:40 last night, leaving the senate to plod along at its own sweet will, but cutting off possibility of reaching compromises in the Edwards and other measures before taking the final recess to May 31.

Democratic state leaders combined with the Republicans to force rejection of city boards of review and to retain control of the local taxing machinery in the hands of Secretary of State Graves and State Auditor Fullington, with Governor Harmon as arbiter, and also to provide two county tax commissioners instead of one. It passed the senate in that form, but Governor Harmon sent word to the house leaders by Lieutenant Governor Nichols to have the house kill it. Such action, however, did not materialize, and the bill will come up May 31.

The house, because of the weather and of having little to do but wait for the senate, grew more disorderly as the day progressed. The fight it had got wholly beyond the control of Speaker Vining and the control of Democratic floor leader, Russell was unwilling to risk a fight on the Edwards bill and adjourned the house to avoid it.

This adjournment prevented concurrence in the senate amendments to the Crosser initiative and referendum bill, and any attempt by the house to tackle the job of curbing out the amendments preventing publication of news about candidates for

AVIATOR'S WIFE

Given An Absolute Decree of Divorce in Cincinnati Court by Judge Woodmansee.

Cincinnati, May 19.—Absolute divorce was granted here to Grace M. Brookins from Walter Brookins, the aviator, by Judge Woodmansee, in the court of common pleas yesterday. Agreement as to alimony was reached outside of court. There was no contest. Brookins was granted a divorce in Dayton last summer, but this was later set aside and Mrs. Brookins brought the present suit. The couple were married in 1907, when he was a chauffeur and she a trained nurse in the household of a Cincinnati family. At the time Brookins was only 18 and his wife 19 years of age.

HAVE RENEWED OLD INTIMACY

New York, May 18.—Today's World prints a long special dispatch from its Washington correspondent saying that Colonel Roosevelt and President Taft have renewed their old intimacy and that Roosevelt is now working for the nomination of the president. GOVERNOR AIDS WOMAN MAYOR

Topeka, May 19.—Governor Stubbs has recognized Mrs. Ella Wilson mayor of Honeywill in her predicament by referring her appeal for executive backing to the Attorney General. The town council of Honeywill has bucked the mayor and prevented her from doing anything. The state officials promised to back her up if it took the whole power of the state. They also advised Mrs. Wilson to take little or no notice of gibes against her as this was part of the game.

HEAT IS INTENSE AT WASHINGTON

Washington, May 19.—The House today roused itself from its 102 degree languor long enough to applaud feebly when Representative Shirley of Kentucky stroled in attired in a white linen suit. Behind him came Post of North Carolina in a cream colored flannel outfit. General Sherwood of Ohio appeared in cream poodle coat and many members followed his example. Outside, the various prostrations and attempted suicides culminated this afternoon when a fashionably dressed young woman drank a bottle of carbolic acid in a crowd and died before she reached a hospital.

Mexico City, May 19.—Threatening to encamp with 12,000 troops at the gates of Mexico City within a month, General Figueroa, rebel leader in the south, is today quoted as saying that he would defy both Diaz and Madero unless he "has a finger in the peace pie." He is reported as declaring that no temporary president will be tolerated. Only the immediate accession of Madero will satisfy him.

SHEEP BURNED

TO THE NUMBER OF ONE THOUSAND IN KANSAS CITY STOCK-YARDS FIRE.

Goats Lead Many Sheep to Safety. Spectators' Lives Endangered By Stampede of Mules.

Kansas City, May 19.—Fire, which for an hour last evening endangered the entire Kansas City stockyards and the Live Stock Exchange building, destroyed sheep pens covering an area a block square, burned sheep estimated to number 1000 and partly destroyed two mule barns.

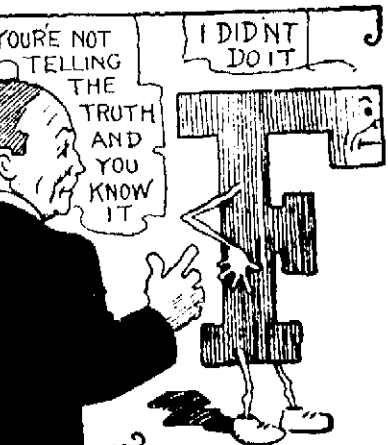

The fire started in a fertilizer plant at the south end of the yards and was swept into the sheep pens before a high south wind. Many of the sheep were guided into lanes and driven to safety in other parts of the yards. One goat was seen leading 75 sheep to safety through an open gate. Thirty goats which were used to lead the sheep to the packing houses perished.

From the sheep pens the fire swept to a row of mule barns. Several thousand mules were turned out and saved. Thousands of spectators who thronged the streets, stock lanes and fences were in danger of their lives when the mules stampeded. The frightened animals were finally headed into a stock pen. Sparks from the burning pens set fire to a school building five blocks away. The public already had been dismissed. The school building was saved. The damage is estimated at less than \$50,000.

NYE TRIAL TO START TUESDAY

Presiding Judge Will Rule on Defense's Demurrer Saturday

INDICTED MEN PLEAD

Only One Legislator Left to Plead at Today's Arraignment.

Columbus, O., May 19.—The trial of Dr. George B. Nye, Pike county representative, charged with bribe solicitation, has been set for Tuesday.

Common Pleas Judge E. B. Kinkead yesterday decided this much-mooted question and also declared his intention of handing down a ruling tomorrow on the demurrer to the indictment filed yesterday by Attorneys Belcher & Connor and Conrad J. Mattern of Dayton, attorneys for the defense, who are attacking the sufficiency of the indictment.

The entry of Attorney Mattern into the bribery cases was one of yesterday's incidents of note. Mattern defended Mark Slater and D. W. Dinamore, his alleged accomplice, in the state printing office graft.

Both Representative Owen J. Evans of Stark County and A. Clark Lowry of Lawrence county presented themselves in court yesterday and pleaded not guilty to the charges placed against them. This leaves only one legislator, Senator Edgar T. Crawford, to plead at today's arraignment.

Prior to the arraignment Judge Kinkead heard arguments on the defense's demurrer. A running argument of an hour and a half, in which primary grade grammar, Latin quotations and sparkling bits of humor were handled promiscuously, relieved the monotony of legal citations.

Attorney General Timothy S. Hogan, Prosecuting Attorney E. C. Turner and Assistant Wilbur E. King appeared for the state.

Attorneys for the defense object to the language of the indictment, claiming that the alleged offense was not charged with certainty, inasmuch as the declaration of the alleged solicitation was not, in their opinion, accompanied by the proper words indicating its effect.

Answering a query of the court, prompted by a question from Assistant Prosecutor King, Attorney Mattern declared that mere solicitation was not sufficient to constitute the offense for which the legislators are to be tried.

There ensued a discussion as to the effect and meaning of the word "might" as contained in the indictment, and as to any effect it might have in qualifying the influence the alleged bribe might evoke in the acceptor.

Judge Kinkead said his first inclination had been to set the trial for Monday. Attorney Mattern wanted it set for Wednesday, while Attorney Belcher wanted it placed one day further, at all events to have an interim of a few days between the possible overruling of his demurrer and the date pressed for trial on the merits of the case.

Columbus, O., May 19.—Senator Crawford of Carroll county, indicted for soliciting a bribe, was arraigned this morning. He pleaded not guilty.

A Husband's Evenings off.

A CORRESPONDENT writes that she doesn't think a husband ought to go out in the evening without his wife. If he does, she believes he will fall into bad habits.

This is a problem around which much controversy rages. How is it ever going to be settled?

Taking marriage as it is today, perhaps there can be no hard and fast rules. If a wife knows her husband has certain weaknesses, and that by keeping him with her, she is shielding him from yielding to these weaknesses, then it may be expedient for her to do it. She is not making him strong by this course. One never grows strong by not using his muscles, whether they be physical or mental ones. The only way to become stronger than evil is to meet it and conquer it. But many a brave little wife knows that her husband will go down before the temptation, whatever it may be, that there are children to provide for, and so she courageously steers her husband past it, hoping and praying that in time, he will be strong enough to walk alone.

But not all cases are like this. To suspect, from general principles, that a husband will form bad habits if away from his wife is unjust. And to demand that he shall not go out in the evening, without taking her, is apt to breed trouble. Surely there is a better way to look at marriage than this. And isn't it time that we are getting some broader ideas about it?

A girl should not marry a man she cannot trust. If she does, she is only making trouble for herself. She should look the fact squarely in the face. She should not blink it. If she has to admit to herself, that in this, that, and the other respect, he is unworthy, that she wouldn't like to think of his going out at night without her, because he would be likely to form bad habits, then she certainly had better not marry him. It is time for women to take a firm stand in these matters. If they take marriage seriously, and it should be taken seriously, this is entirely too grave a question to overlook. Either she can or she cannot trust him completely. And if there is the slightest doubt in her mind that he is not trustworthy, she is simply storing up unhappiness for herself by marrying him.

Looking ahead to the marriage of the future, such matters as these between husband and wife will surely be placed upon a higher basis than they are at present. The man will come and go, and the wife will come and go, both in utmost freedom and utmost confidence. Where their interests for the evening are mutual, they will go together; where they are separate, they will go apart. But there will be no contemptible suspicion or misinterpretation of the others' conduct. And because of this freedom and this confidence, there will really be greater and finer and truer love. The love that has for its companion, mistrust, is a poor and sickly specimen. Love cannot thrive in the miasma thrown off by doubt and suspicion.

MULE TEAM TAKES FRIGHT; RUNS AWAY

Those mules certainly did go some. Ever try placing a charged carboy behind a team of mules and then let it spring a leak filling the air with a noise peculiar to the Fourth of July. A stunt something like that was pulled off Friday morning in front of the Meyer & Lindorf store in East Park place.

Messrs. John Johnson and Bobbie Gregory run a freight line mule team between Newark and Granville and about 11 o'clock Friday morning Mr. Johnson left the mules in front of the dry goods store while he went into the store. Suddenly the overcharged carboy began spouting noises like unto the beggars in Yellow Stone Park. The mules failed to take kindly to the innovation and started to run. Obstacles proved small things in their path and a buggy hitched in Second street in front of the Hungarian grocery was completely demolished and the horses injured by the "scurrying mules."

The team was later captured by the owners.

Ragout of Vegetables—Take a pint each of potatoes, white turnips and carrots, measuring after paring and cutting in dice. Boil the carrots for half an hour or until tender. Cook turnips and potatoes also a half cupful of shredded celery, in separate saucepans, using only barely enough water to cover, then drain. In a frying pan melt two tablespoonsful of rendered beef suet, and two tablespoonsful of flour and brown slowly. Gradually add a pint of hot water, stirring to a smooth sauce, then turn in the vegetables. Add one tablespoonful of sugar, one teaspoonful of salt and white pepper to taste, then cover and simmer for half an hour, sprinkling over all, when dished, a tablespoonful of chopped parsley.

Velvet Cream—Into a double boiler put one-half box of gelatine, the juice and grated rind of one lemon, one and one-half cupfuls of sherry and the same quantity of sugar. Let stand until the gelatine is soft, then beat until it dissolves, strain and set aside until cold. Just as it begins to thicken add one cupful and a half of rich cream and beat with a egg beater until thick enough to drip, turn into wetted molds and set in a cold place until ready to serve.

ASTRONOMICAL EVENTS.

(From noon today to noon tomorrow.)
Sun sets 7:10, rises 4:34; moon rises
8:24 a. m.

Ohio will have a new constitution
after 1912, provided the people adopt
one that is framed that year. It is
certain to be a document that will
not neglect the interest of the people,
unless something unforeseen is inject-
ed. Neither the Republican nor Demo-
cratic parties will be able, through their
leaders, to get control of this conven-
tion and to write a constitution in the
interest of either party. The liquor
question will be settled permanently if
the delegates avail themselves of the
opportunity provided for having a
referendum on the liquor question
separate from the constitution. The
Green bill providing for non-partisan
delegates to the constitution, which
has completed its journey through the
general assembly makes all of those
things possible. Since Ohio is the
scene of the most bitter agitation on
the temperance question of any state
in the Union today, it will be a great
relief to give the people a fair chance
to settle it by a direct vote.

Working women will be able to en-
joy the bright sunshine and pure air
along with the rich, as a result of the
passage of the Green bill making the
average daily work day of employed
women 9 hours. The women under
this bill shall not be employed more
than 54 hours a week. They may be
engaged in their vocation 10 hours for
5 days and then work only 4 hours on
Saturday, thus giving them 38 hours
rest at the end of each week. The en-
actment of this measure was another
personal victory for Ohio clubwomen.

Discussion as to general effect of
the Supreme court decision compelling
a dissolution of the Standard Oil Trust
in regulating or restricting the opera-
tions of other combinations or effec-
tive monopolies in restraint of trade
will soon be in a measure superseded
by a curious and critical observation
of the methods adopted by the Stand-
ard officials to observe the order of the
Court without giving effect to its in-
tent. There is no public expectation that
the fragmentary parts of the mon-
ster monopoly, however divided, will
engage in competitive business activi-
ties. They may not dare to pull to-
gether after the old manner—that
would mean fall—but there can be no
assurance of independent operation
and consequent business rivalry.

In view of the party conditions in
New York the appointment of Colonel
Roosevelt's defeated candidate for
Governor as Secretary of War may
have its strategic grounds.

Common Pleas Court.
The taking of the testimony was
concluded to the court and jury on
Friday morning in the case of Isaac
N. Mazelin, et al., vs. Tilden Mazelin,
et al., and the arguments of counsel
were made to the jury. The court
charged the jury at 3 o'clock Friday
afternoon. This is a suit to contest
the will of the late Francis Mabelin,
who lived at Etna, this county.

Motions for new trials will be called
for hearing Saturday, June 3.
Minnie M. Hobbs vs. H. H. McCoun-
nell, et al., appraisal set aside,
and new appraisal ordered, the
property not having been sold under
the first appraisal.

George Williams vs. City of New-
ark, judgment of settlement. Plain-
tiff sued for loss of services of his
wife, growing out of an injury to
Mrs. Williams by falling into an ex-
cavation on Hudson avenue, some
months since.

Cross Petition Filed.

In the case of Carrif F. Lane vs.
Clark Lane the defendant has filed
a cross petition. He says that he
was married to the plaintiff on Aug-
ust 28, 1908. He says that plaintiff
has been guilty of gross neglect of
duty towards him, in that without
cause she left him and his home in
Pataskala and took with her all her
household goods, and since that time
has been wilfully absent from him.
He also charges plaintiff with infid-
elity. He asks for divorce and all
proper relief. Smythe and Smythe

UNCLE WALT

The Poet Philosopher.

My trusty wheelbarrow is long
and it's narrow, it's painted a beau-
tiful delicate green; it's strong and
it's handy; it's simply a dandy—a
better wheelbarrow I never have
seen. With joy that's abiding I take
my wife riding; she
climbs in the barrow, I
wheel her around; and
joy-riding by me, but lit-
tle I care for their laughter and
sound. My good old wheelbarrow
goes straight as an arrow, I push it
before me with jubilant feet; what-
ever 'twas made for, it's mine—and
it's paid for, and so I don't envy the
autos I meet. I'd rather go wheel-
ing my barrow and feeling my raim-
ent grow moist with a rich, honest
sweat, than ride in a carriage like
debt to his marriage, and have
the sad knowledge that I was in
debt. Of all the world's curses
there's nothing that worse is than
going in debt for the things we don't
need; so, blithe as a sparrow I push
my wheelbarrow—keep tab on my
motions, get onto my speed!

The Argument

When it is known that its power
to strengthen the system and build
up the body is why Father John's
Medicine cures colds, it will be un-
derstood why it is so valuable as a
tonic and for driving the impurities
out of the system. It feeds the tis-
sues and makes strength; prevents
consumption—not a patent medicine;
pure and wholesome—50 years in
use.

HEALTH HINT FOR TODAY.

Intestinal Disturbances.
The presence of diarrhea indi-
cates such a disturbance of the
alimentary process as requires
abstinence from food, but if any
food is eaten the most suitable
is dry toast, well masticated,
rice with cream (not milk), sage
or tapioca. If any drink except
water is taken the least objec-
tionable is weak tea or toast
water. Fresh bread, pork and
cereals generally should be
avoided. It is not advisable to
check diarrhea, but to determine
its cause and regulate the hab-
its.

DON'T SCOLD
THE CHILDRENIt's Probably Your Nerves That Are at
Fault. Fix Them Up.

Wasted nerve tissue, caused from
poor food and lack of vitality in the
muscle and blood cells is the cause of
your being irritable and cross. The lit-
tle cells in the blood are not as full
of good health and life-giving vitality
as they ought to be.

You Can't Raise Good Children If
You're Nervous.

Cell Tissue Tonic will give you new
and greater strength—self reliance to
meet your every-day duties and tasks
—and will enable you to get sound and
refreshing sleep at night.

This is the last and greatest triumph
of the renowned blood specialist, Dr.
C. A. Hoag, and Cell Tissue Tonic is
proving itself the most wonderful dis-
covery in the medical line that the
country has known for generations.
Just what the great majority of both
men and women need. Something that
will help the blood cells to combat with
throw off disease—build up weak and
discouraged men and women—and put
a new interest into life.

Cell Tissue Tonic is a quick and sure
relief for all such troubles as Pale-
ness and Weakness, Debilitation (worn-out
condition of men and women), Stomach
and Bowel Trouble (in infants as well
as in adults), Hysteria, Fainting Spells,
Insomnia (sleeplessness), and Poor As-
similation of the Food.

There is nothing else in the market
anywhere near like it, nor that even
claims to be, so remember what to ask

LEGISLATURE

(Continued from Page 1.)

office which the senate had voted in-
to the Kimble corrupt practices act.
The senate stopped work without
voting on the Fulton bill, which it
must pass in some form. It also
must pass on the general appropri-
ation bill for 1912, which yesterday
passed the house. The 1911 approp-
riation bill is hung up in committee.
Early in the day the conferees on
the utilities bill announced they
would be unable to report until after
the recess. At once an effort was
made by telephone men to get the
Yount telephone merger bill to a vote
in the house. Russell was blocked in
trying to have all bills for second
reading disposed of.

Two hours later Kennedy of Allen
moved to take up the Yount bill. He
tried to persuade the house he only
wanted it referred to committee, so it
could be reported back in case the
utilities bill was defeated. Kilpatrick
demanded a roll call, and the bill was
left in the hole by a vote of 21 to 44.
It had been planned to have it re-
ferred to a special committee Felling-
er, Warnes, Reid and Winans, who
were to report it 10 minutes later for
passage. Frank L. Beam of Mt. Ver-
non, D. J. Cable of Lima and G. R.
Johnson of Columbus, representing
telephone interests, were on the floor,
contrary to rules, working for the
Yount bill. After the vote on the
Kennedy motion Beam and Cable de-
parted, leaving Johnson on the floor
to watch for another chance. It did
not come, and telephone men who say
that a regulated monopoly is the only
solution of the telephone problem,
must depend on the passage of a util-
ities bill to realize their wishes.

The death of an uncle called Cleo-
man Goodbread of the house finance
committee home yesterday and pre-
cipitated an agreement not to try to
agree on the big appropriation bills
until May 31.

Usual last-night scenes were enacted
in the senate. Floor space was crowd-
ed and the usual flood of legislation
went through unhampered, Senator
Yount alone protested, but his words
were lost in the uproar.

Liberal use was made of the steam
roller in the hands of Lieutenant Gov-
ernor Nichols. He bowled over balky
members at will. In the midst of the
commotion the Kimble corrupt prac-
tices act was shoved through, 24 to 1,
with the objectionable amendments
tacked on by the committee on pri-
vileges and elections. They are aimed
to make the measure unoperative if it
should become law. Newspapers are
made the butt of the attacks.

No attempt was made in the senate
to act on the 1912 appropriation
measure. It is in the hands of Chair-
man Shaffer of the finance committee,
who will await the action of the con-
ference on the 1911 act. Deaton of
Lucas, Shaffer and Krause are mem-
bers of the conference committee.

There is good prospect of final pas-
sage in some form of all the big bills
which last night's recess left in the
air, with the possible exception of the
Edwards bill, which seeks to take the
biggest step in the history of the state
toward getting full return of personal
property by keeping appointive assessor-
ships constantly on the job.

If the left-over bills are not lost in
the last shuffle May 31, the record of
this legislature will be one of high ac-
complishment. Besmirched by the
bribery scandals, with a senate block-
ing legislation for months, yet under
prodding by Governor Harmon, the en-

tire press of the state and the grand
jury, which is admittedly a big factor
in the result, the seventy-ninth general
assembly has put a big list of progres-
sive laws on the statute books.

There were nine definite pledges in
the Democratic platform adopted at
Dayton. The legislature has redeemed
six of these promises by enacting the
Smith 1 per cent tax rate law, the Wy-
man bill for the Oregon plan of elect-
ing United States senators, the Cahill
law for the teaching of agriculture in
the schools, the Green nine-hour work-
day bill for women, the Green law for
the non-partisan election of the ju-
diciary and the ratification of the in-
come tax amendment to the United
States constitution.

Bills to redeem two of the party
pledges are among those postponed for
final action May 31, the Winters public
utilities bill and the Crosser municipal
initiative and referendum bill. The
last, however, is not a full redemption
of the pledge to put the initiative and
referendum as to state laws in the con-
stitution.

One party pledge has been broken by
the defeat by both houses of bills for
uniform school text books.

McNamara's Self
Declared Assistant
Believed Insane

Pittsburg, May 19.—The story of
James Elliott, structural steel work-
er, who alleges he was hired to as-
sist in the wrecking of property in
connection with the McNamara cases,
in generally disbelieved here.

Elliott is held by the police pend-
ing an investigation into his sanity.
None of the labor leaders to whom
Elliott told his story have endorsed
any part of it. A formal hearing
may be granted him tomorrow. But
the police officials openly state their
belief that he is mentally unbal-
anced.

Late today Elliott was declared in-
sane.

DISCREDIT STORY
OF PEACE PACT OF
TAFT AND TEDDY

New York, May 19.—Friends of
Col. Roosevelt are today skeptical
over the World's story that he and
Taft are again in accord. They point
out that as late as yesterday Roose-
velt attacked Taft's arbitration
scheme and by inference criticized
Taft's pacific policy in dealing with
the Mexican situation. Numerous
consecutive instances of a wide
variance of ideas have been shown
recently.

Cleanliness of Nasal
Passages Cures Catarrh And
Prevents Many Diseases.

That the public, even the well-to-
do and refined public, are careless
in one matter of hygiene is well
known to physicians of keen observa-
tion. The nostrils act as filters for
the air we breathe; therefore every
germ-bearing atom of dirt, filth and
dust flying through the air we
breathe finds lodgment in the nostril
passages. Every one of cleanly
habits and every one afflicted with
catarrh should adopt a sanative nos-
tril wash and use it daily. The fol-
lowing has the endorsement of phy-
sicians and can easily and cheaply be
used at home with quick and satis-
factory results:

Obtain two ounces of antiseptic
villane powder. To a pint of warm
water add a half teaspoonful of the
powder. Snuff from hollow of hand
through nostrils until thoroughly
cleansed. Also make a bath by mix-
ing a teaspoonful of powder with one
ounce of vaseline and apply twice
daily for bad catarrhal conditions.
This treatment gives a delightful
feeling of comfort and makes breath-
ing free and easy. Catarrhal head-
ache is also banished, while the like-
hood of contagious disease is less-
ened.

FELL OFF THE
GRANVILLE CAR
IN WEST NEWARK

Friday evening when the 5 o'clock
car pulled in from Granville, bringing
a large number of foreigners home
from their work in that village, one
of the men, who was standing on the
platform of the car fell off near the
junction of Eleventh and West Main
streets. At first it was thought that
he had been seriously injured, but an
examination by a physician showed
that aside from receiving a number of
bad bruises he had escaped unhurt.
The accident had the effect of elect-
ing a large crowd of people, and it is
estimated that inside of two or three
minutes over one hundred persons had
gathered at the scene, the report hav-
ing been circulated that a man had
been killed.

New York—A sea-sick hippo-
pota-mus was taken to the Washington
zoological garden.

NASAL CATARRH

Mrs. E. Karberg Says It Is Easy to
Get Rid Of.

"A bad case of catarrh was cured for
me by the use of HYOMEI. The trouble
affected my head, nose and
eyes and was very annoying and
disagreeable, and the cure, from the
use of HYOMEI, was very gratify-
ing. HYOMEI has from me a strong
recommendation and endorsement."
Mrs. E. Karberg, 213 Kingsley St.,
Ann Arbor, Mich., Nov. 16, 1908.
HYOMEI (pronounced high-o-mee)
cures catarrh, because it gets where
the germs are, and destroys them. It
is made of Australian eucalyptus,
mixed with other healing antiseptics.
When breathed over the irritated
membrane it gives relief in two
minutes.

Used regularly for a few weeks, it
will build up and heal the germ-in-
fested membranes and drive out cat-
arrh.

LA FOLLETTE MAKES
BITTER ATTACK ON
POSTMASTER GENERAL

Madison, Wis., May 19.—A bitter at-
tack upon Postmaster General Hitch-
cock features the current issue of La
Follette's Weekly. The editorial con-
tains a copy of a letter written by a
publisher to a writer in which the
publisher said: "The postoffice depart-
ment can put any publisher out of
business at any time, so if you write
anything for us along the subject of
our last letter you will have to steer
clear of anything criticizing the govern-
ment."

Commenting on this letter La Fol-
lette says the terror of the publisher is
a general terror. He says the whole
situation is intolerable and disgraceful
and advocates reformatory legislation.
In closing he says: "The publishers
are in terror of the postoffice depart-
ment and afraid to criticize the govern-
ment. In that way lies despotism
and after that anarchy."

Reliable Laxative for
Old People Given Free

Life is so arranged that there is a
close resemblance between infancy and
old age. By this is not meant the mental
but the physical faculties. For example,
the organs of digestion in the most dif-
ficult thing the child has to contend with,
as it is that of the old.

When a person gets past middle life
his power of digestion decreases, and con-
tinues to grow weaker, and for that reason
so many old people are habitually
suffering from indigestion. It is recom-
mended from many old people who have
nothing without avail. Now, if there is any
one thing a person of advanced years
should not take it is a cathartic. The
bowels cannot stand it. What is required
is a mild, gentle, non-gripping liquid laxa-
tive.

You have it exactly as required in Dr.
Caldwell's Syrup Pepsin, which stands
today, after a generation, as the ideal
remedy for old people, women, children
and all others who require a mild, nat-
ural remedy. We could give the names
of thousands of old people who use noth-
ing else but Dr. Caldwell's Syrup Pepsin,
among them Mr. A. A. Lewis of Benton-
ville, Ark., and Mr. Enoch Gilpin of Dan-
ville, Ill.

They first sent to Dr. Caldwell for a
free sample bottle, which every reader
is invited to do, and then, having tested
it and found it satisfactory, they bought
it of their druggist at fifty cents and
one dollar a bottle. Their words of pub-
lic praise should prompt the present reader
to at least send for a sample bottle.
It costs nothing. Results are absolutely
guaranteed or money will be refunded.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He
has specialized in stomach, liver and bowel diseases for over forty years and will be
pleased to give the reader any advice on the subject free of charge. All are welcome
to write him. Whether for the medical advice or the free sample address him Dr.
W. B. Caldwell, 541 Caldwell Building, Monticello, Ill.

S. S. CONVENTION

(Continued from page 1.)
liver his address, owing to illness. Dr. McElfresh substituted his address, "The Trained Worker and Christian Progress." It seemed with new ideas for those interested in Sunday school work and gave many suggestions from practice as well as theory which would aid those endeavoring for the betterment of the church work. Dr. McElfresh told of the imbibing of broader methods for the conducting of the school and the doing away with standards maintained by those of the less progressive age.

The address of Dr. McElfresh was received with great attention, for he is one of the earnest workers in behalf of the Sunday school, being the teacher-training secretary of the International association. Following Dr. McElfresh, Mr. W. E. Carpenter of Brazil, Ind., was introduced.

Mr. Carpenter was given a most cordial reception by the audience for it recognized in him one of the greatest accomplishes in the work urged by the convention. Mr. Carpenter is not alone of fascinating address but is one of the people who have done things. He is superintendent of the largest Sunday school in the world. It has an enrollment of 4,259. It also has the second largest Men's Bible class in the world. This school is not only large in numbers but extensive in the results accomplished. It has met with the greatest success in all the phases of Sunday school work. It is of this school and its accomplishments that Mr. Carpenter spoke in his address "Ideals to be Attained in Sunday School Management and Work."

He told of the means used and of

MRS. A. MATOUS.

MILWAUKEE, Wis. (Special).—"I was troubled with indigestion for many years and dreaded eating, because I would get such an intense pain in my stomach. I tried many different doctors, but could only get relief for a while. My brother told me of what Duffy's Pure Malt Whiskey had done, so I tried it. It was just what I needed. I have been taking it for about a year and now I can eat everything and am never bothered with indigestion. We use it right along in our house as the family medicine. I recommend Duffy's Pure Malt Whiskey to every suffering person."—Mrs. Anton Matous, 2025 Galena St.

Duffy's Pure Malt Whiskey is a medicine for all mankind. It corrects the defective digestion of the food, increases the appetite, strengthens the heart, gives force to the circulation, cures all throat troubles and insomnia, and brings restfulness to the brain and nervous forces. the end obtained. He gave suggestions to those aspiring to the ambition of possessing a school at least half as stupendous as this.

Mr. Carpenter spoke interestingly on the ideal to be obtained in the Sunday school. He held before superintendents and teachers that the object of every effort must be the conversion of the school, and that energy spent regardless of this object was misplaced. "Character is the principal thing," and Christian character only is worth striving for. The superintendent and teacher must be the impersonation of the truth they handle and attempt to teach. They can lead no scholar to a higher character than they themselves conceive. Their lives must be their interpretation of the Christian character they want to reproduce.

He vigorously denounced the officer or teacher of the school who takes his pleasures and diversions amongst questionable pursuits, maintaining that these hours of weakness in character set the standard of the life and the limit beyond which the teacher cannot lead his scholar. The place of the officer and teachers in the Sunday school is a great trust. One day the Great Superintendent of life will come demanding an account of his stewards and those who had labored faithfully will bring their classes with their increase in number and character and receive for their loyalty places in the domain of joy and peace.

Adjournment was then taken for the lunch hour. The Friday afternoon services opened at 1:30 with prayer and praise services. The two addresses of the afternoon were "The Sunday School as an Educational Institution," by Prof. M. A. Howne of Dayton, O., and "The Story of My Own Class," by Mrs. George Geyer of Xenia.

From 3:30 to 4:45 the convention went into conference. That is the convention was divided in sections, each section holding conferences relating to the individual work of each department. From 4:30 to 5:00 o'clock the "Visitation of Newark" was held with a view to attaining a more complete understanding of the real condition of the Sunday school work as predominating in Newark at the present time.

There will be a session this evening the program being given in the auditorium of the Plymouth Congregational church.

SAGE AND SULPHUR CURES DANDRUFF

Restores Faded and Gray Hair to Natural Color—Itching Scalp Quickly Stopped.

This applies to Wyeth's Sage and Sulphur Hair Remedy, for it does not do exactly what is claimed for it, the sales would naturally drop off. However, Wyeth's Sage and Sulphur Hair Remedy does "make good," as evidenced by its daily increasing sales. Druggists say that this preparation gives the best satisfaction of any hair remedy ever sold. Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It removes dandruff, strengthens the hair, gives new life to dull or parched hair, and gradually restores gray hair to natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. SPECIAL AGENT, Hall's Drug Store, 10 N. Side Square.

SLEEPLESSNESS

Its Cause and Remedy.

Do you know what it is to lie awake nights, fidgety, restless, tossing about, counting 100 backwards, or sheep jumping over a fence, all in a vain endeavor to lose yourself in slumberland and get the rest which you so much need.

No one, unless they have been troubled with insomnia, can begin to realize its horrors and how weary it is.

In nine cases out of ten it is simply a case of overworked nerves or derangement of the digestive system. Thousands of such cases are being cured by Vinol. As proof we quote from a letter recently received from Marlon, Ind.

"I could not sleep nights, was run-down, nervous, had no appetite and was all discouraged. Vinol made me well after all other remedies had failed. I sleep splendidly, and have gained in strength." Mrs. L. E. Holmlein. (We guarantee this testimonial to be genuine.)

We ask every person who suffers from sleeplessness or who is nervous or run-down to try a bottle of Vinol with the understanding that their money will be returned if it does not help them. Vinol contains no drugs or oil, and agrees with everyone. F. D. Hall, druggist.

YOUNG BUFFALO'S WILD WEST GAVE GOOD SATISFACTION

Young Buffalo's Wild West show attracted two mammoth audiences to the matinee and evening performances Thursday and the show grounds on Eleventh street were thronged by thousands of people from the time of unloading in the morning until after the evening performance.

A most attractive street parade was given about 11 o'clock in the morning and its worth alone attracted many who would not otherwise have attended. While the show is not as big as the original Buffalo Bill show for the first season it has a remarkable array of talent. The horses are especially beautiful animals and the shooting and riding both reached the highest pinnacle of feats of skill. The show is a clever reproduction of life in the far west and undoubtedly Young Buffalo's attraction will prove quite a feature in the tent show world.

PLUMNESS MAKES HEALTH. Thin People Heed This.

If you are too thin; if you are pale and yellow; if what you eat seems not to strengthen you; if your lips and cheeks are colorless, it is because your blood is deficient in red corpuscles and disease can easily overcome you, as you have no reserve strength or nourishment to uphold you.

A pharmaceutical product, called 3 grain hypo-nutrine tablets, is much prescribed for these conditions, and if taken for several months, rapidly increases weight and improves the color. Buy in sealed package of any well stocked apothecary shop.

MADERO WILL GO TO MEXICO CITY

El Paso, May 19.—"Peace in Mexico is assured. I can safely say there is no more fighting in sight. The revolution has subsided." This statement was made by Madero today while he was telling of his plans to go to Mexico City. He says he will go unguarded and that the first thing to be done will be to conclude the peace arrangement. The entire Madero family is busy preparing for their return to Mexico. Madero's trip to the capital will be a triumphal affair, judging by present indications. In the meantime 2,000 rebels have left Juarez for points near Chihuahua and with the first news of peace failing they will attack Chihuahua. While they believe Diaz will play fair they are taking no chances.

Daddy's Bedtime Story

How Swimmers Killed a Shark

THERE'S one thing that both you youngsters must learn to do this summer," said daddy, "and that is to learn to swim."

"Fine!" exclaimed Jack.

"Well, I don't know," said Evelyn. "I think the water is horrid."

"That's just the trouble," went on daddy. "Most girls and many boys have the same idea. But, as a matter of fact, the water isn't horrid. Instead, to use one of Evelyn's favorite terms, it's lovely. And there is no reason why any healthy child shouldn't learn to swim."

"There is no telling when knowing how to swim may be of the very greatest use. One of the saddest stories I ever heard was of a man who had to stand helpless on a dock and watch his little son drown."

"And, then, the fun of it! Just think of waiting until a big wave comes almost on top of you and then diving clean through it. Just think of lying flat on your back, with the sunshine tickling your toes and the water tickling your nose and being all the time as safe and as comfortable as if you were in your own feather bed."

"Now, I'll tell you a story about some real swimmers. One of the museums wanted a specimen of the man eating shark and sent its superintendent to the Pacific coast of Mexico to get one. He fished for a long while, but the sharks were too smart for him and kept themselves out of harm's way."

"He tried them with pieces of fresh pork, of which sharks are very fond, and he spread the biggest nets he could find around their favorite feeding places, but all his efforts were in vain."

"So one day when he had given up two native fishermen came to him and said, 'We'll catch one for you with our hands if you'll give us \$2.'"

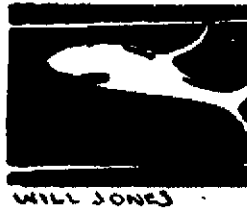

"'Good!' said the superintendent."

"The fishermen got ready by taking in the left hand a stick of hard wood about two feet long sharpened at both ends and in the right hand a long knife. Then when a man eater came along they calmly dived in after him."

"He made for them, turning on his back and opening wide his terrible jaws, but they jabbed their left hands down his throat, planting the sticks so that he couldn't close his mouth."

"And after that they played with him. They dived beneath and around him and teased him until he beat the water to a foam with his powerful tail, but they dodged every move he made just as Jack dodges the boy who's 'it' when he's playing tag."

"Then as he thrashed about they gave one slash with their keen knives, and that ended Mr. Shark, and, of course, that ends my story."

SUNDAY SCHOOL WORKERS' EVENING AT M. E. CHURCH

Thursday evening at the First M. E. church was given to a program planned with reference to the work of the Sunday school. This was a well deserved recognition, as this Sunday school is one of the largest and most progressive in the city and has been a powerful factor in the building movement. To an original pledge of \$2,500 toward the building fund, an additional pledge of \$5,000 was added, and inaugurated by a cash offering of \$775 on Dedication Sunday. In all these achievements, much credit is due to the tireless energies of the superintendent, A. S. Stephan, and his efficient corps of officers and teachers. The present roll of the school is 726, the attendance on Sunday, May 14, being 781. In the new building, splendid Sunday school accommodations have been provided in a beautiful audience room, connecting with the main auditorium of the church, and twenty individual class rooms, with commodious and well arranged separate accommodations for the primary departments.

The presiding officer of the evening was A. Stephan. The anthem was "An Even Song," by Shelley.

The program announced as the speaker of the evening Rev. B. F. Rhoads, D.D., of Moundsville, W. Va., whose theme was chosen in accordance with the line of work in which he has a wide reputation, "Organized Adult Bible Class." A few minutes before the opening hour, a telegram was received from Dr. Rhoads saying that he would be unable to fill the engagement and promising explanations later. The break thus left in the program was generously filled by Rev. Charles Hartshorn, formerly of Newark who with ten minutes' notice consented to fill the vacancy and speak on the subject announced. As Mr. Hartshorn is an old Newark boy, and went from this church into the Methodist ministry, the opportunity thus afforded of hearing him was a greatly appreciated pleasure.

As a speaker, he proved himself quite equal to the occasion and to the demands of the subject suddenly forced upon him. In opening, in brief retrospect he went back to the old church, where he himself had spent his Sunday school days; thence passed rapidly to a discussion of his subject, speaking largely from personal experience in the line of work suggested by his theme, he being the pastor-teacher of the Stafford Bible class of his church, a class organization composed of some 200 men. In dealing with the organization and rounding out in numbers of such a class, the speaker suggested the help and inspiration his men had found in a spirited membership contest.

Such a class is bound to soon have a history, which only comes with the attainment of a personality. Many members of such a class will come from outside, the church, which situation offers grave problems. Attention to social life and good fellowship helps to the solving of the social problems which must be dealt with. Men will come when they find other men who are ready to be their friends. A "Glad Hand Committee" may succeed where other means fail, with one who is in the process of passing out of the old life to things new.

Such a Bible class is helping to "disinfect" politics. The more Jesus Christ comes into the heart, the more room there is for civic righteousness.

From this relation from his own personal experiences, Mr. Hartshorn went on to a practical application of the existent possibilities in the Sunday school audience before him, concluding with an expression of his hope for the hearing of great things.

The conclusion of Mr. Hartshorn's address was followed by a trio, "Peace I Leave With You," by Miss Edith Earp, of Martins Ferry, Bertha Julian and Una Marshall.

Probably the most important week evening of the dedication exercises will be the Woman's Guild Evening on Friday. This organization, whose wonderful work has become widely known throughout the state, will have charge of the program, with an address by Rev. Levi Gilbert, D. D., editor of the Western Christian Advocate.

Following the evening service, a reception will be given by the ladies, from 9.30 to 11 in the church parlors. To this reception, all friends of the church are invited.

More Reasons Why the Regal Shoe Co. Smashed Shoe-Trade Traditions In the Interests of Public Economy

Have You Ever Heard of Stephenson's Cow?

When George Stephenson, first builder of steam locomotives, was asked "What would happen to your machine if a cow got on the track?" he replied, with a grin,—

"Weel, that would be bad—for the cow!"

When it was declared that the custom of the shoe-trade forbade selling Regal Shoes at any except "even money," half-dollar prices, the Regal Shoe Company said, in substance, "That's going to be bad—for the custom."

Any trade custom that gets in the way of modern, economic progress is liable to be hurt. Sometimes the collision is long delayed, but it is sure to come. And the public always gains by it.

Referring to a Historic Collision

Some years ago, the Regal Idea collided violently with the tradition that shoes could not be sold except through jobbers. But the jobber was brushed off the Regal track and Regal Shoes were sent straight through to their wearers by way of Regal's own stores and agencies.

The trade sent up howls of pity and protest, but the money and time saved by cutting out the jobber made Regal Shoes the best values the public had ever seen. Regal success dates from that collision, and the road they cleared has been used by many manufacturers since.

Now They Have Knocked Another Obstruction Off the Track

This obstruction was the shoe-trade custom of *invariably* marking standard makes of shoes at certain arbitrary "even money" prices—prices that were always multiples of a half-dollar. All your life, until now, you have paid for every pair of good shoes you have ever bought some price measured in full dollars or half-dollars. It was *always* \$3.50, or \$4, or \$4.50, or \$5, or so on, upward.

This is a custom that, if rigidly followed, is economically wrong in a dozen different ways—all of them bad for the consumer and some of them bad for the manufacturer as well.

Some of the Ways It is Wrong

It forces manufacturers to build shoes to fit certain prices, instead of building shoes exactly as they *ought* to be built and letting the prices fix themselves. It prevents the manufacturer from reducing his retail prices when leather goes down a little (because he cannot make a reduction of less than a full half-dollar) and yet it might make him put his retail price up one full half-dollar jump if leather went up ever so little.

It is a custom that compels you to pay in half-dollars when the price might often be reckoned in quarters or dimes or nickels. That is to say, a shoe that *could* be sold at, say, \$4.35, must either be "built up" to cost \$4.50 or trimmed down to cost \$4. In the first case you lose in money; in the second, you lose in quality.

In short, it is a custom that blocks the way of the "Regal Idea"—which is to get Regal Shoes to the public at the narrowest possible margin of price over cost.

Therefore Regal Ran Straight Over It

The crash of the collision is echoing all through the shoe trade. But, as before, many of the shoe-men who now stand aghast, or rise to call us "Price Cutters," will eventually follow the track that has been cleared for them.

Regal Shoes Are Now Sold At What It Costs To Make Them, Plus 5 Per Cent. Commission And What It Costs To Sell Them.

The price, whether it figures in "odd" money or in "even" money, is verified by chartered public accountants and STAMPED ON THE SHOE AT THE FACTORY.

This stamp is your guarantee that the Regal Shoe you buy is the best shoe that can be bought for the price you pay.

Regal Prices are now \$3.35 to \$5.85

THAT AWFUL BACKACHE

Cured by Lydia E. Pinkham's
Vegetable Compound

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and am enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so surely as Lydia E. Pinkham's Compound.

Write to Mrs. Pinkham, at Lynn, Mass., for special advice. Your letter will be absolutely confidential, and the advice free.

VETERANS WILL FORM OLD GUARD

A regular meeting of the gun squad of Lemert Post, No. 71, G. A. R., was held Thursday night, at which drill was had and other business of importance transacted. Captain R. C. Bigbee tendered his resignation as captain of the gun squad, which was accepted and First Lieutenant Matt Bausch was elected captain. Ex-Post Commander Rufus Putnam was elected first lieutenant. The gun squad decided to effect a permanent organization after Decoration Day, to be known as "The Old Guard." All honorably discharged soldiers will be eligible to membership. It is desired that all members of the squad attend a meeting Saturday afternoon at 2 o'clock for drill. Decoration Day is rapidly approaching and it is desired that the boys make as fine an appearance as possible.

SPRING FESTIVAL OF CHORAL SOCIETY AT GRANVILLE A SUCCESS

Excellent Program Rendered Thursday Evening—Symphony Concert This Afternoon and Hayden's "Creation" Will Be Sung This Evening By Festival Chorus, Accompanied By the Orchestra—Directors and Managers Deserve Much Praise for Event.

Granville, O., May 19.—That Granville is a distinctive musical center has been demonstrated time and time again, but perhaps this advancement in all that pertains to music has been made the more apparent by the Festival movement, which has secured the hearty support of the people of Granville and its surrounding country. When in 1891 Otto Engwerson was made Dean of Denison Conservatory, a long way was taken in the advance toward a higher standard of musical perfection, as he at once organized a chorus of 100 voices, and with his wonderful power as a director trained it to a high degree of proficiency in the rendering of some of the master works. When he laid down the baton in 1901, his loss seemed irreparable, but his mantle fell on worthy shoulders, and Arthur L. Judson took up the work with all the vigor and enthusiasm of a man young in years, but strong in character, rich in courage and high in his aspirations. With supreme confidence in the outcome, he organized an orchestra and reorganized the chorus, both of which he directed and brought to a surprising degree of efficiency. In April of 1905 under the auspices of the Centennial Association, he made the initial venture which convinced him that Granville might and should become a musical mecca for Central Ohio. The Cincinnati Symphony Orchestra was quite a proposition for Granville, but that three days' festival was a distinct success, both artistically and financially. On the strength of that success, on Sept. 21, 1905, articles of incorporation for the Granville Musical Festival Association were signed and a board of trustees was elected. These trustees were Mrs.

C. J. Baldwin, Mrs. Helen A. Rose, Dr. Francis W. Shephardson, Mrs. Burton Case, Mrs. Charles B. White and Mr. A. L. Judson. The purpose for which the corporation was formed was: "To promote and foster musical education of the people; to elevate and strengthen the standard of choral and instrumental music."

It is conceded that the Spring Festival of 1911, given under the auspices of the Engwerson Choral Society, which opened Thursday night in the Baptist church with the first of the concerts, will be most successful. A large audience greeted the visiting and local artists with every manifestation of delight in the varied and high class program presented and Mr. Carl Paige Wood, under whose excellent management this important event has been brought to so successful a culmination, is to be congratulated. Thursday evening's program was as follows:

Festival March from "Tannhauser"—Wagner, Miss Benedict.
Concerto in d Minor—Wieniawski, Allegro moderato. Andante. Alla Zingara. Mr. Sturmer.

Come Beloved, from "Atalanta"—Handel; Traum durch die Dammerung—Strauss; Paganini's Address, from "Die Meistersinger"—Wagner, Mr. Ball.

The Blessed Damsel, lyric poem, The Shephardson Glee Club; Miss Rose; Miss Chrysler.

Intermission.
Schoen Rosmarin—Kreisler; Scherzo—Drdla; Rondo Capriccioso Saint Saens. Mr. Sturmer.

Dearest—Homer; Priar's Song, from "Ivanhoe"—Sullivan; "I Am Thy Harp"—Woodman; "Who Dares the Branch Wild Defy," from "Nathan"—Herbert. Mr. Ball.

Land Sighting—Grieg. Denison Glee Club; Mr. Ball.

Accompanists—Miss Mayme Baker Worley, Mr. Karl Henry Eschmann, Mr. Sturmer, violin soloist, with the St. Paul Symphony Orchestra, is an artist of high order, who elicited a storm of applause from the audience after his masterly rendition of the Saint Saens number.

Mr. Walter Bentley Bill was heartily greeted, having sung in Granville before, but Thursday evening's offerings were a revelation of development, both in tone production and in interpretation. Mr. Ball is a singer who can hold an audience and the one of Thursday evening responded to the charm of his voice and personality by frequent recalls.

The Shephardson Glee Club sang a difficult, high class number with precision and pleasing effect, the soloists, Miss Marion Rose and Miss Albert Chrysler acquitting themselves with credit.

Miss Rose, the director of the club, possesses a soprano voice of great strength and purity, which is under wonderful control for so young a girl. Miss Chrysler's mezzo is pleasing in quality and managed with skill. Her rendering of "The Narrator" and "The Blessed Damsel" was very effective.

The closing number was given by the Denison Glee Club, an organization deservedly popular, and which scored another success in its long list of artistic triumphs.

The Symphony concert is being held this afternoon and tonight the singing of Hayden's "Creation" by the Festival Chorus and visiting artists, accompanied by the orchestra, will be given.

Souvenir programs have been prepared at some trouble and expense, and will be sold at ten cents, following the lead of the Cincinnati Festival.

FUNERAL OF REP. SMITH WILL BE HELD SATURDAY

Marion, O., May 19.—Marion is today mourning for Representative William T. Smith, whose funeral will be held Saturday afternoon. The funeral will be attended by many members of the legislature and by state and city officials. At the widow's request the services will be simple. Burial will be in the Marion cemetery.

Messages of condolence have been received by the hundreds. Governor Harmon expressed his sympathy and said Smith's death was a great personal loss. Speaker Vinson, Smith's opponent for the speakership, was among those who telegraphed their sympathy.

PRIZES CAPTURED BY LOCAL PEOPLE IN PICTURE CONTEST

In "The Booklovers' Contest" held by a Columbus newspaper, a number of Newark and Licking county persons were winners of prizes. There were many thousands of contestants, but not a single one guessed all the titles, the highest number of correct solutions being 62 of the 70. In all there were 493 winners of prizes. The grand capital prize, a house-

The first thing he did, after having decided to enter the contest, was to obtain a catalogue containing the names of all the books used in the pictures, and then he went to work, spending many hours in the evenings making out the pictures to his satisfaction.
